## LAW OFFICE OVERVIEW

The Law Office of Arifardhani & Partners was established to provide a full range of legal services to clients with diverse areas of specialization and expertise. The office serves to large and small corporations, governmental agencies, and single individuals, all of whom receive the same high level of professional service and courteous attention to detail.

The office represents and advises clients in matters of Civil & Criminal Litigation, Corporate and Commercial Law, Intellectual Property Rights, Capital Market, and International Trade Transaction. We also represent clients in resolving many types of commercial disputes, from informal negotiations, to arbitration, and to complex litigation in the courts.

Since the beginning, the office has adhered to a philosophy of personalized client service, where the only measure of success is client satisfaction. In order to do that, our approach focuses on each client's background, needs, and goals. We also remain committed to the pursuit of excellence legal services with highest standards of professional skill, loyalty to our client and client confidentiality.

In addition, our attorneys not only dedicated to the practice of law but they also are involved in numerous communities, professional and civic organizations. The combined backgrounds, experience and expertise of our attorneys make Arifardhani & Partners becoming a law office in which has highly capable of evaluating client's needs and successfully determining the best course of action to address those needs.
